St. James's, December 26, 1798.

THE following Addreſs has been preſented to the King; which Addreſs His Majeſty was pleaſed to receive very graciouſly.

To the KING's Moſt Excellent Majeſty.

WE, your Majeſty's loyal Subjects, the Noblemen, Gentlemen, Clergy, and Freeholders of the County of Glamorgan, beg Leave to approach your Majeſty with our ſincereſt Congratulations on the happy Succeſs which has attended your Majeſty's Arms in the moſt ſignal Victories gained by your Majeſty's Fleets under Admiral Lord Nelſon, and other of your Majeſty's Naval Commanders, over a cruel and perfidious Enemy, who have dared to threaten our Shores with Invaſion, and who have trampled on the moſt ſacred of divine and human Inſtitutions; but whoſe Temerity has turned to their own Confuſion, and the Diſappointment of thoſe internal Diſturbers, whom the Machinations of the Enemy have led to forget their Allegiance and Attachment to your Majeſty's mild and paternal Government.

And we truſt the Zeal and Spirit ſo univerſally diſplayed among our Fellow-Subjects, and the Wiſdom and Magnanimity of your Majeſty's Government, will fruſtrate any further Attempts of foreign Invaſion or inteſtine Commotion, and will lead to the immediate Conviction of the Errors, and a Return to their Duty of the deluded Part of our Fellow-Subjects in a Siſter Kingdom, and eventually to the Deliverance of Europe in general, and to the Increaſe of the Happineſs and Proſperity of every Part of your Majeſty's Dominions.

[*Preſented by Lord Evelyn Stuart.*]

NOTICE to MARINERS.

Copenhagen, Auguſt 30, 1798.

IN order to render thoſe Mariners who frequent the Port of Bergen more confident of their Situation when on that Coaſt, particularly when ſailing to and from the ſaid Port by Skuddenees, a new Lantern-Light has been erected on the Point of that Naze, which will begin to burn on the 1ſt of January, 1799, and continue on the ſame Regulations as the Reſt of the Lights, viz. during the Summer, from Eaſter till Michaelmas, when it will be lit One Hour after the Setting of the Sun; and during the Winter, from Michaelmas till Eaſter, it then being lit Half an Hour after the Setting of the Sun, and continuing to burn till Day-light. It is further made known, that this Lantern will be hoiſted on a Maſt or Pole, cloſe to which a Shed is built and painted White; therefore the ſame muſt be ſeen very plainly in thoſe Directions in which it preſents itſelf to View. The Lantern will be about Three Hundred Feet above the Surface of the Water. It is already known that there has long been a Coal-Light on the Iſles of Hvidding, and a Lantern-Light cloſe to Hoyvarden, the latter ſerving when one has entered Carmſound, to aſſiſt in chuſing a good Berth to anchor in. Whenever one may wiſh to bear away for the Bay and enter Carmſound, one ought, with due Attention, be able to diſtinguiſh the Light of Skuddenees and Hvidding Iſles. This laſt, which is ſuſpended between Two Poles, gives a Blaze-Light, but that on the Skuddenees, as has been obſerved, is a Lantern, and gives a clear and ſteady Light; and beſides, this Light cannot be ſeen when one comes from the Weſtward, unleſs one is ſo much to the Southward that the Cliff of Giætongen does not interrupt the View of it, or that you have it due N. E. by E.: And in this Point of the Compaſs, the Navigation is clear from Hvidding Iſles; one may therefore, if one got Sight firſt of one Light, and were in Doubt a ſhort Time which of them it was, ſteer a little Eaſt, for were it Skuddenees Light that appeared, one would ſhortly after ſee the Blaze of Hvidding Iſles, unleſs it were a Fog, hazy Weather, or Snow Storm. If, however, by ſteering more to the Eaſtward, another Light does ſoon appear, it muſt naturally be that on Hvidding Iſles, and one may then by Soundings ſet one's Courſe accordingly and take a View of the other, ſince, if from the Situation of Skuddenees Light being hidden from the high Land, a Light appears more to the Eaſtward, than due N. E. by E. be aſſured it muſt be Hvidding Iſles. Knowing this, one may with Safety keep under Skuddenees, as one may now by the new Light know to a Certainty where the Bite is, and accordingly run in under the Land, and ſo into Carmſound. When one comes near the Smorſtakken, one may expect to ſee all the Three Lights; and again, if the Light of Skuddenees is hidden by the high Land, then the Two others, particularly that cloſe to Hoyvarden, will prove ſufficient to direct one to a good Anchorage in this Harbour. But if one is unacquainted, and will not venture to run into Carmſound without Pilot, or other Obſtacles preſenting themſelves, then the Lights on the Iſle of Hvidding and Skuddenees will prove a remarkable Aſſiſtance to thoſe who find themſelves obliged to cruize here during the Night; but in

that Caſe it is abſolutely neceſſary to be particularly attentive that the Current (which is frequently very ſtrong here) does not drive the Veſſel on either Side.
